PERAMBULATION OF TOWN LINES.

In accordance with the law relating to the perambulation of town lines the selectmen of Baldwin together with the selectmen of Standish have perambulated and surveyed the line between Baldwin and Standish and have placed five additional stone monuments on the same.

They have also, together with the selectmen of Sebago, perambulated and surveyed the line between Baldwin and Sebago. On account of deep snow the stone monument on the southerly shore of Southeast pond could not be found. For the same reason the stone monument at the northeast corner of lot 14, 7th range east, could not be found. These monuments should be located as soon as possible in the spring.

We did not succeed in making arrangements with the selectmen of Hiram for the perambulation of line between Baldwin and Hiram.

The school year just passed has been a successful one, advance has been made in all the schools.

East Baldwin school has made a great gain in deportment and scholarship and is the equal of any school in town.

The teachers have worked hard and are entitled to much credit. The same method of grading the schools as last year has been carried out and is proving good.

West Baldwin house has been put in first-class condition. North Baldwin house needs repairs inside. Burnell house needs to be thoroughly repaired.

GEORGE H. KENNARD,

Superintendent of Schools.
